

Please use the below criteria as a requirements guide when submitting an instruction to trade into a new unitholder account.

Please note, additional documentation may be required based on the specifics of the investor and investment. For the avoidance of doubt, please refer to the relevant application form and prospectus documents before submitting your instruction.

Are FATCA and CRS self certificates required?	Yes	Certificates can be provided post trade.
Are PAIF funds available for investment?	No	
What signatures must be provided on instructions?	See notes	Authorised signatory list to be submitted with application. Signature requirements on all instructions: either one signature (under seal) by a Director (stating capacity), two signatures from the Director and Secretary (stating capacity) or two authorised signatures from the signature list (stating capacity)
What is the default method for distribution if no instruction is received?	Accumulation Shares	If the initial instruction doesn't specify how the income is to be paid, the default is to invest into the Acc equivalent.
What method should the distribution mandate be sent?	Fax, Post, Document Upload	

If you have questions, please contact us via webchat or email [#ClientMaintenance1@uk.dstsystems.com](mailto:#ClientMaintenance1@uk.dstsystems.com)
